Introduction

name: growdu
phone: 13275631003
email: growdu@gmail.com
blog: https://www.freecode.top
(https://github.com/growdu/blog)

career: programmer
hobby: computer
dream: write great software
target: write valuable software
state: apprentice

Education

university	level	date	major
Hefei University of Technology	bachelor degree	2014.09.01-2018.07.01	Mechanical automation

Skill

Have a good computer foundation include data structure,opreation system and assemble language.

type	degree	usage time	project
C	skilled	two years	write data structure
java	skilled	one year	pdf parse(using pdfbox)
C#	skilled	one year	desktop application
Linux	skilled	two year	read linux kernel source code

Honor

type	result
CET 4	459
NCRE	pass
Hefei University of Technology Mathematical Modeling Competition	second prize
National College Students Mathematical Modeling Competition	second prize

Target

- want to to work as a software engineer
- other job about computer is ok
- hope to get a reward by programming
- whatever, program is enough
